REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Zierhofer shows that the outputs of the bandpass filters have a bell shaped frequency response with attenuated side lobes (Col. 3, lines 14-17; Col. 4, lines 8-12). In other words, the high-end frequency and low-end frequency of each frequency band filtered by each bandpass filter are not maintained.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
